Hi Patrick: Thanks for reaching out to us.

(Bcc All Councilmembers)

The answer to your question is regrettably "No". In other words, the residents within this preferential parking zone 3 are not exempt from 2-hour limit parking along west side of Illinois or east side of Indiana streets.

I exchanged a few emails with Ms. Tamiko Bugden and ended up calling her and explained this to her. She appeared to be satisfied with the explanation.

If you have any questions, please do not hesitate to let me know.

Best,

**Subject:** 2 hour Parking on Illinois

Hello All,

Pat Curry here. We are excited about the pilot parking program starting next month.

I am writing regarding the two hour parking on Illinois and Indiana Street. Just wondering if these zones will be exempt from the two hour restriction with a zone 3 permit. I live on Washington St so this really does not affect me but I am concerned about my neighbors over there. Tamiko Bugden is a good friend and neighbor..

If those areas are not exempt from permit holders it will be a net Loss of parking spaces for them. Just a thought as there are easily thirty spots on the west side of Illinois.alone that residents who live there will not be able to use. I guess everyone just assumed that this was going to be for residents with permits.

Thanks for all you do.

Respectfully Pat Curry
