Lewis Hill said:

"I don't always align with DEI."

"People who don't necessarily carry the belief in the LGBTQ community and what that stands for...Just because I'm against it doesn't mean I'm a hater."

"Just because I don't feel like we should have a flag up doesn't mean that a segment of the community is against anything in such a way that we're going to riot, right? I'm not a rioter. I don't, I'm not really that kind of person at all,

But there are people...

And I'm not necessarily supporting those people."

There is an implied threat in these words. Hill tells us he wouldn't riot; but there are people who might if there is "over-reach".- asking the city to fly a Pride Flag.

These are unhinged ominous words and Mr. Hill should be removed from a committee he doesn't "align" with.
