To: "Baldino, Ryan" <rbaldino@elsegundo.org>
Subject: Patriot Services - one of your longtime Commercial Trash Haulers.....

Hello Councilman!

My name is Mark Waronek and I represent Patriot Services as one of their consultants. I apologize I cannot be there tonight, but I'm in Belgium on a family vacation.

I know you will be voting on an item this evening on commercial waste hauling.....Patriot Services has serviced business customers in El Segundo for over 14 years now. Unfortunately Patriot Services is not one of the four recommended companies, but you can also add one more company to make it five companies potentially doing business in El Segundo.

I am requesting that you listen to Patriot Services tonight and hopefully add them to the four recommended companies , so that they can continue servicing the business customers in your City without interruption. Thank you for your consideration!! Take care!

Mark Waronek
